TAX BRIEFING

► DOING BUSINESS IN A GLOBAL ECONOMY - PART 2

Following on from our final briefing of 2009, our Corporate and International Tax specialists continue to look further at issues impacting on businesses operating in a cross border environment. This month's briefing will focus on financing matters, impacting on both sides of any global transaction. This will include host and home country issues, as well as characterisation of funding instruments, foreign tax offsets and franking credits.
