

Corporate Tax Master

What is Corporate Tax Master?

Corporate Tax Master provides the corporate sector with a sophisticated software product that prepares high quality tax returns efficiently and cost effectively, on-line.

Corporate Tax Master uses a web-accessible log-in process that clients can either input data to or review the tax return preparation process.

“
High quality
corporate tax
returns, efficiently
& cost-effectively
prepared—online.
”

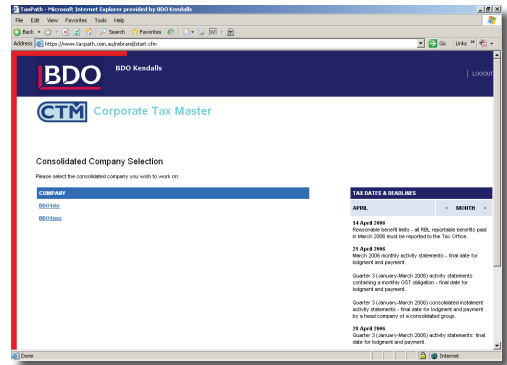

Benefits of Corporate Tax Master

- Consistent approach to corporate tax return preparation
- Time efficiencies in preparation
- Web accessible
- Direct data input
- Intuitive and easy to use
- Easy review of tax return preparation
- Quality maintenance
- Minimisation of error
- Avoids duplication
- Rolls over from one year to the next

How does Corporate Tax Master work?

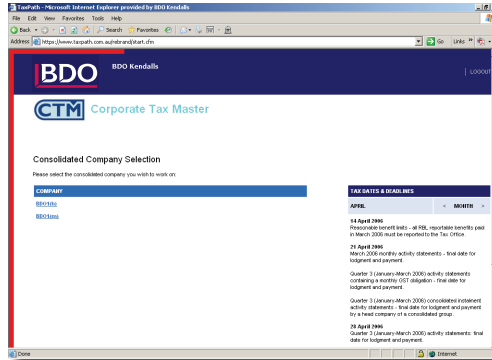

1

Client or accountant logs into BDO CTM

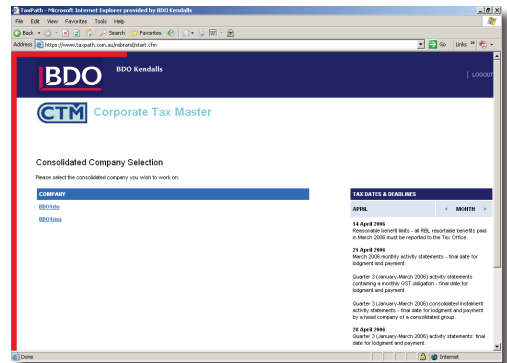

2

Relevant worksheets are accessed for data entry or review

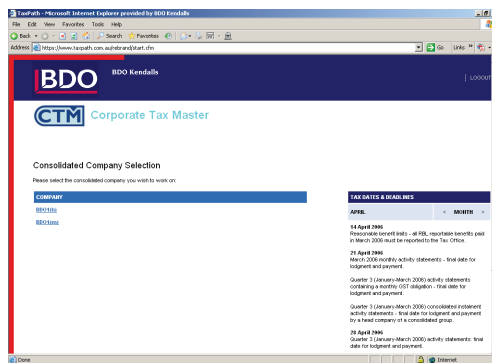

3

Data and worksheets are checked and submitted

4

Tax return is completed and lodged with the ATO.

“
If you are not using an on-line preparation package you may not be achieving efficiencies in time and effort.”

Is Corporate Tax Master right for your company?

Corporate Tax Master is perfect for any company that is concerned with the complexity of tax returns. If you are not using an on-line preparation package you may not be achieving efficiencies in time and effort. Duplication of data entry and avoiding errors, as well as ensuring data integrity for year end roll over, all contribute to efficiencies and cost effectiveness. If you are unsure if Corporate Tax Master is right for you, talk to one of our tax partners.
